Key Benefits

Fat Burning

Methionine, Inositol, and Choline (MIC) break down fat and support liver function.

Energy Boost

B-Complex vitamins and L-Carnitine convert fat into energy, reducing fatigue.

Enhanced Metabolism

Vitamins and amino acids support metabolism for lasting weight loss.

Liver Detox

Lipotropic nutrients flush out toxins and fat buildup.

Muscle Maintenance

L-Carnitine helps preserve lean muscle mass.

Immune Support

High doses of Vitamin C strengthen immune health.
